

APPLICATIONS

Medium body decorative strip with reflectors and basket options for offices, conference rooms, retail and utility areas requiring concentrated illumination in a commercial quality configuration with more style. By choosing the wattages and basket materials, the lighting designer can control the light intensity.

FEATURES & BENEFITS

- ◆ Surface mount, chain hung, stem mount, cable mount
- ◆ Every fixture is individually tested
- ◆ **ETL** listed for damp location
- ◆ Min CRI 82

SPECIFICATIONS

Housing is die-formed and embossed code 22 gauge steel. Body finish is high reflectance baked white enamel. Wiring knockouts are provided on back and end of housing. Reflectors attach with quarter turn fasteners; no tools required for driver access. End plate doubles as coupler for continuous row mounts. Perforated baskets are made of cold rolled steel treated with rust inhibitor. Perforated metal parts are post painted with durable baked polyester coat. Each piece is formed by our state-of-the-art multi-radii machine for consistency. Listed by and bears **ETL** label.
