

**APPLICATIONS**

Commercial, retail and industrial facilities that require battery backup and emergency exit lighting signage and emergency lighting. Good for owners of such properties that have high utility rates and are looking to save dollars on electricity.

**FEATURES & BENEFITS**

- ◆ Compact, low-profile design in neutral finish (also available in black finish)
- ◆ Energy consumption of less than 2 watts
- ◆ Available in red and green LED
- ◆ LED lamp life of 25 years
- ◆ Completely self-contained
- ◆ Mounting canopy for top installation
- ◆ Installs in minutes with only a screwdriver
- ◆ Two fully adjustable, glare-free, lighting heads with 5.6 watt lamps standard
- ◆ Injection molded, V-O flame retardant, high-impact, thermoplastic housing
- ◆ Universal snap in and out chevrons
- ◆ 6 Volt pure lead, maintenance free battery
- ◆ Damp location
- ◆ 120/277 dual volt output
- ◆ Self diagnostics optional

**SPECIFICATIONS**

The LED exit sign is constantly illuminated by normal AC power. Whenever normal AC current fails, the internal solid state transfer switch automatically connects the internal battery to the LED lamps to keep the exit sign continuously lit for 90 minutes. At the same time, backup battery power is also supplied to the two lamp heads lighting a path of egress for no less than 90 minutes

**WARRANTY**

Both the MEBCX fixture and the internal battery carry a warranty of one year from time of shipment to be free from defective material and workmanship. The battery is pro-rated for a 5-year period when operated at normal ambient temperatures.

\*Meets UL 925, NFPA101 Life Safety Code, NEC, OSHA, Local and State Codes.
