

### APPLICATIONS

An attractive center basket 2x2 direct/indirect fixture kit, the RDIDB provides soft, balanced illumination for a contemporary appearance and comfortable, low glare light. The housing and LED lamp modules are fully recessed above the ceiling plane, minimizing lamp exposure. Suitable for recessed commercial and institutional applications such as offices, hospitals, schools, etc.

### FEATURES & BENEFITS

- ◆ Reflectors and ends feature specially formulated proprietary matte white paint to enhance efficiency.
- ◆ Linear arrayed LEDs provide soft, effective illumination

\*\*Also suitable for T5 or T5HO linear lamps. (consult factory)

### SPECIFICATIONS

Die formed heavy gauge cold rolled steel. Clear acrylic or clear w/overlay "Double Bubble" lens or high transmission extruded acrylic baskets. Low gloss, high reflectivity powder coat finish. Standard troffer mounting for T-bar ceilings, with earthquake feature. LED light engine includes 50 chip board and matched driver from LG Innotek. The acrylic lens wraps around the LED modules or lamps to provide the ideal combination of efficiency and aesthetics. The curved reflectors produce a combination of direct and indirect light, fully illuminating the fixture housing.
