

APPLICATIONS

This series offers the best lighting for parking garages and other applications where weatherproof wide area lighting is required. A highly engineered retrofit LED lighting system is coupled with the best weather proofing materials and designed to provide the most durable lighting system in the industry.

FEATURES & BENEFITS

- ◆ Poured in place gasket and cam latches seal enclosures
- ◆ Reflectors attach to existing fixture clip
- ◆ Designed around a long lasting and efficient LED module
- ◆ Fits SLP Citadel 2 - 2 Lamp Housings
- ◆ cETL_{us} recognized as retrofit

SPECIFICATIONS

Poured in place gasket and cam latches seal the enclosures. The mounting can provide dramatic savings on installation and labor. Designed around a long lasting and efficient LED module with specially designed heat sinks. Reflectors and retaining clips ensure maximum LED life and widespread lighting.
