CAT#:

TYPE:

### APPLICATIONS

This series offers the best lighting for parking garages and other applications where weatherproof wide area lighting is required. A highly engineered retrofit LED lighting system is coupled with the best weather proofing materials and designed to provide the most durable lighting system in the industry.

Poured in place gasket and cam latches seal the enclosures. The mounting can provide dramatic savings on installation and labor. Designed around a long lasting and efficient LED module with specially designed heat sinks. Reflectors and retaining clips ensure maximum LED life and widespread lighting.

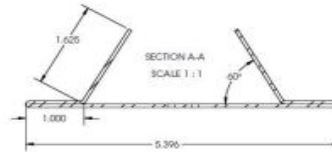

### FEATURES & BENEFITS

- Poured in place gasket and cam latches seal enclosures
- Reflectors attach to existing fixture clip
- Designed around a long lasting and efficient LED module
- Fits SLP Citadel 2 - 2 Lamp Housings
- cETL<sub>us</sub> recognized as retrofit
